

Road Construction Ahead!

2010 Woodland Drive Improvements Project

The Town of Westport, in cooperation with the Village of Waunakee, will be reconstructing streets in your neighborhood this summer. As part of this year's street improvements, we will be reconstructing **Woodland Drive from Cobblestone Lane to Mary Lake Road**. The project has been awarded to Meise Construction, from Plain, Wisconsin. They will be working with several local subcontractors throughout the project.

This newsletter contains some important information concerning the upcoming project and we encourage everyone to review it and keep it on hand to help answer questions you may have.

SCHEDULED IMPROVEMENTS

The Mill Road Improvement Project will consist primarily of the following:

Bridge Widening and Roadway Reconstruction

- Widening of the existing Woodland Drive culvert bridge
- Remove and rebuild the road base (gravel)
- Install some new curb & gutter
- Remove and replace the asphalt surface
- Install a new off-road asphalt recreational path and an street bike lane
- Install some storm sewer and ditch culverts
- Restore the disturbed area with grass seed, fertilizer, and mulch

In order to accommodate the bridge work and the construction activities, **Woodland Drive will be closed to all thru traffic from Mary Lake Road to Cobblestone Lane for the duration of the project**. The Contractor will make every effort to make the roadway passable to homeowners living on Woodland Drive at the end of each day. However, there may be short periods of time when vehicle access to your property may not be possible.

IMPORTANT INFORMATION

The road may be closed to all traffic for a day or two during the placement of the new asphalt surface. And access to driveways may be restricted for a few days to allow the new concrete curb to cure properly.

The Contractors will be working with the Post Office and Green Valley Disposal to continue regular mail deliveries and garbage pickup on their normal schedule.

CONSTRUCTION SCHEDULE

The Woodland Drive road closure is scheduled to begin on or about September 1st and we anticipate completion by the middle of October, weather permitting.

If you would like an update on the construction activities or if you have any questions or concerns, please contact Jim Madden, Construction Manager with the Village of Waunakee at (608) 850-8500 or jmadden@vil.waunakee.wi.us
