

PARK COMMITTEE MEETING

August 6, 2008

1. Call to order at 5:40 pm

Members Present: Sheldon Schall, Mick Holm, Terry Enge, Fran Bridge,
Judy Borke, Ken Sipsma
Absent: None, no other's in attendance

2. Approve Minutes: Last meeting minutes approved, May 8, 2008, by a motion from Schall, 2nd Bridge
3. Public Comments On Matters Not On Agenda: No public comments.

4. Park Maintenance and Development Discussion/Recommendations:
Trail maps – Committee is hoping to have trail maps for the public. We are working with the Village on a coordinated trail map system and Cameron Clapper from the Village is still working on that. The new Chamber maps should be coming out soon and they will also have trails included.

Trails are in need of some general maintenance – Jackson Landing trail could use some wood chips before bridge.

Westshire trails are growing together and need to be opened up.

Bolz trail across DNR land – would like to see the trail from the Woodland gates to the connection with the DNR trail to the bridge mowed again as well as the temporary trail across the Berman property to the Town center mowed. Signage indicates to Town Center but without a trail seems to be a misnomer.

New DNR trail to Gov. Nelson Hwy M needs a culvert across the drainage ditch so town staff can get mowers to the trail.

5. Miscellaneous Business/Forthcoming Events:
Park committee interested in Kiosks as mentioned before for some areas along trail routes and at Town Center. Schall mentioned if we are in need of volunteers for trail maintenance, creek work or cutting that he has supplied Tom Wilson with the phone number for the Oregon Correctional Dept. for assistance if needed.

6. Meeting Adjourned 6:10 pm, motion Sipsma, 2nd Schall

Terry Enge, Acting Secretary
