

PARK COMMITTEE MEETING

October 1, 2008

1. Call to Order at 5:35 p.m.

Members present: Bridge, Enge, Holm, Schall, Sipsma

Members absent: Borke

Others present: None

2. Approve Minutes: Minutes of the previous meeting were approved as presented on a unanimous vote.

3. Public Comments On Matters Not On the Agenda: None.

4. Park/Trail Maintenance and Development Discussion/Recommendations:
Administrator Wilson's comments on the discussions of the previous meeting were reported and discussed.

Enge requested trails in the Montondon – Kennedy areas be recognized on maps produced by Waunakee. Enge also requested the maps show the trails from the Bolz property to the DNR property near the bridge. Enge reported he contacted Sue McDade at Waunakee about having the Montondon – Kennedy trails mowed by Waunakee and that the trails were then mowed.

The Committee requested being kept informed on an on-going basis of the plans for the 2009 Woodland Drive project.

It was noted that most of the requested trail maintenance had been done. It was noted the Jackson Landing – Westshire areas need additional chip filling.

The Committee recommended by unanimous vote that the culvert be installed on the DNR property as recommended by Tim Ziegler.

The Committee recommended by unanimous vote that the Town purchase a field and brush mower to trail maintenance. Sipsma has information provided by Enge as an example of such a mower, which is a walk-behind model. Sipsma will provide the information to Wilson. Schall noted a pull mower may also be an option.

5. Miscellaneous Business/Forthcoming Events: For 2009, the Committee reaffirmed its 2008 recommendation that an informational kiosk be located at the Town Center. Schall also indicated he would be provided information on elephant slide that he had recently seen at another location that would likely be a good addition to the Town Center.
6. Adjournment at 6:40 p.m. by unanimous vote.

Kenneth R. Sipsma
Acting Secretary
