

**TOWN OF WESTPORT  
PARK COMMITTEE MEETING**

DNR Parking Lot  
Woodland Drive

**Minutes**— September 7, 2022, 6:00 p.m.

Present: Amy Freidig, Michelle Wing, Ben Buss, Deana Loewenhagen, Mick Holm

Absent: none

August minutes approved by a motion from Holm, 2nd Buss.

**CORP:** no CORP update this meeting. The next meeting is a joint planning meeting with Waunakee and the consultant.

**Town Center Park:** Wing sent equipment options to Jessica Duffrin after the August meeting, as well as a replacement option for the broken Mary Lake rocker. There's been no update from the Town office.

**Tree Plan:** Dead pines have been removed from soccer fields. Freidig is looking at flood-resistant species, such as shrubs as replacements. The shrubs could grow big enough to act as a windbreak and tolerate a lot of water. Bushes need to be replaced at Steeplechases.

**Signage:** Freidig showed the committee the new signage concepts. Signage needs to be updated on DNR trails, especially where signs say trails lead to Bolz Conservancy (they don't) and to Governor Nelson (it leads to Hwy M).

**General Park/Other:** Loewenhagen showed a picture of neighbors' driveway pickleball court and pickleball's popularity was discussed.

After the meeting business was done Loewenhagen and Holm left, and Freidig, Buss, and Wing took a brief hike of the DNR trails before officially adjourning. The hike was cut short by extreme mosquito swarming due to recent rainfall.

Meeting adjourned at 6:41 p.m. Motion from Buss, 2nd Wing.

Minutes submitted by Michelle Wing.
