**Artist: Lesley Anne Numbers**

*Give and Receive*, 2019, reductive woodblock print

**Artist Statement:** Lesley Numbers is an artist and educator, born and raised in Madison, WI. She has a BS in Art Education and an MFA in Printmaking from UW-Madison. While Lesley's professional roles regularly shift, her practice is rooted in love, spirit and community. Her artwork is inspired by motherhood, music, magic and the flora and fauna of Dane County.

For the past five years, Lesley has focused on creating large-scale, intuitively-composed and color-filled reductive woodblock prints. Each print is unique, using a combination of traditional printmaking methods and hand-painted elements.
