

2022 Town of Westport Road Improvements

***Borchers Beach Road, Wakanda Drive, Simon Trail, Trantin Court,
and Mary Lake Road***

Weekly Update for the week of August 15th

The fine grading of **Mary Lake Road** is complete, and the asphalt paving is tentatively scheduled for Friday, August 19th, weather permitting. However, the schedule could change depending on the availability of the paving crew, so please watch for additional information to be posted on the temporary mailbox station.

In order to provide the best possible asphalt surface, and for the safety of the workers, the roads will be closed to ALL traffic during the placement of the second and FINAL layer of asphalt surface, and for a few hours after completion until the pavement has sufficiently cooled. In order to minimize any potential damage to the new asphalt surface, we ask your cooperation to please plan ahead and restrict your vehicular travel until the barricades are pulled back and the street is again opened to traffic. Please plan accordingly with vehicles needed for the day.

The temporary mailbox station will remain in-use until completion of the final layer of asphalt pavement has been placed. Please watch for additional information to be posted on the mailbox station.

The contractors will be completing the gravel shouldering and lawn restoration after the asphalt paving is complete.

The work in the **Borchers Beach area** is substantially complete. Thank you to everyone for your cooperation, and we hope you enjoy your newly upgraded roadway travel!
